Griffin Technology

Palm Device

- iSync compatible
- Travel info in your hand

G Mobile Security

Microsaver
by Kensington

Digital Camera

- Compact

- Good battery life

- Video capability

Casio Exilim

G Digital Camera

Sony CyberShot U

- Small, fits in purse

- Uses AAA batteries

- Instant on

- Video capability

Travel Tip

- Ship items before you go & on your return

- Take pictures of box contents with digital camera

- Take pictures of whiteboards or slides in conferences instead of writing them down

Digital Camera Gear

- PCMCIA or PC Card

- Eliminates camera cable

- Faster transfer rate

- Saves camera battery

External Hard Drive

- Use as a boot disk

- Great for backup
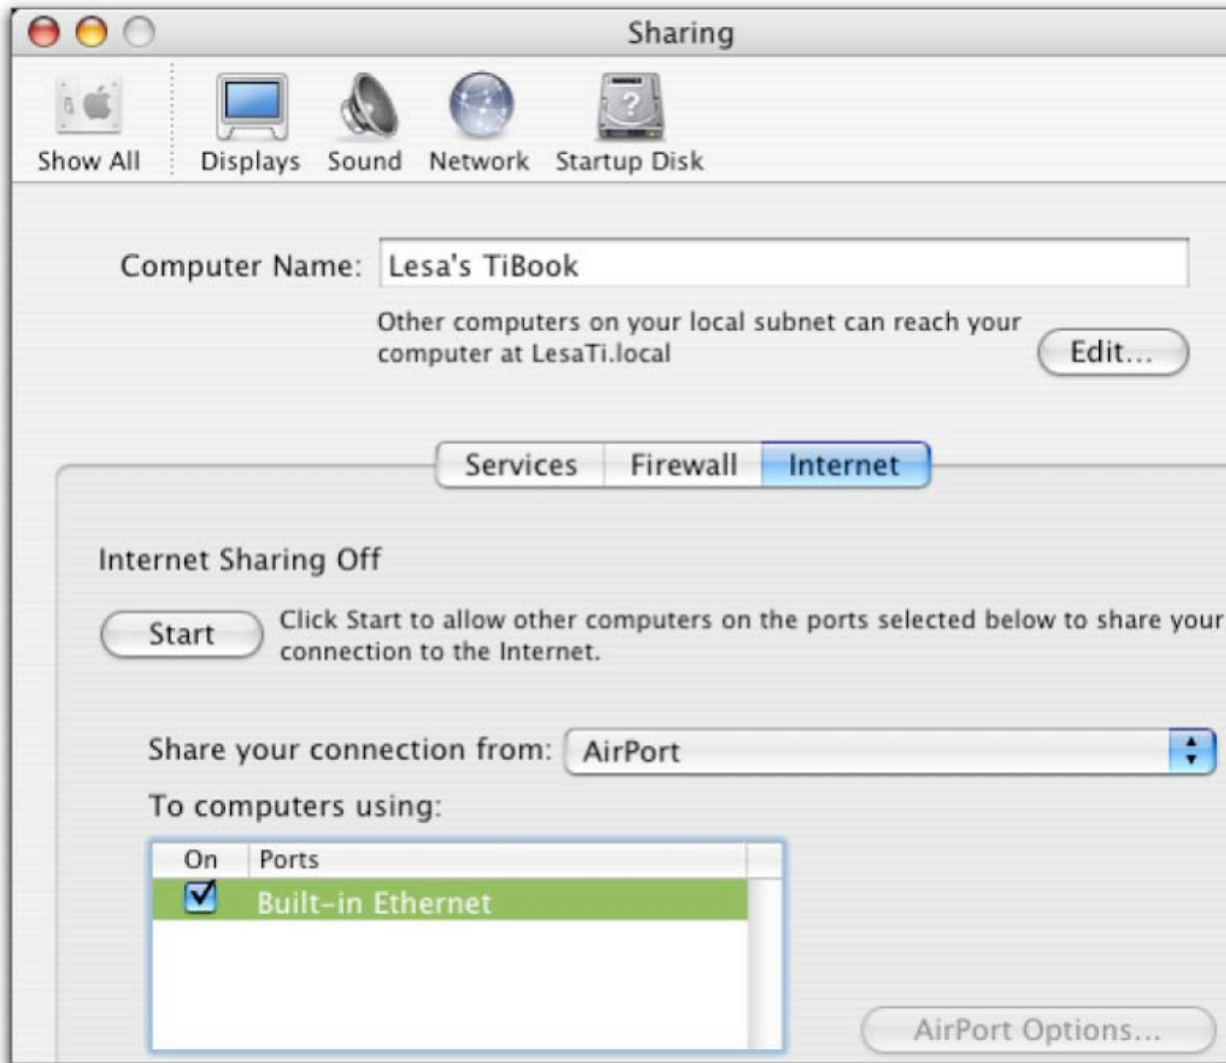

- No power brick required

FireFly by SmartDisk

AirPort Express

- Converts any Ethernet connection to wireless

- Extend signal from base station

- May have to turn authentication off in email client

Travel Tip

- Learn to share your internet connection

- Ethernet or AirPort

�
 Network Profiles

⬡ Cell Phone Gear

Bluetooth | **Bluetooth** |

Cell phone | Headset | USB charger

Cables

Ethernet | Phone | FireWire

Retractable cables by IOGEAR

Travel Tip

- As an alternative to retractable cables, use plastic baggies.

- Helps keep things orderly, labeled, and serves as checklist when packing up.

- Use ziplocks, punch small holes in to allow air to escape and let them flatten out.

Other Stuff

EverywherePower
by iGo

Software...

Hard Disk Health

Cocktail | DiskWarrior | Panther CDs

̬ Apple iCal & iSync

- Let people know privately where you are

- Share flight numbers
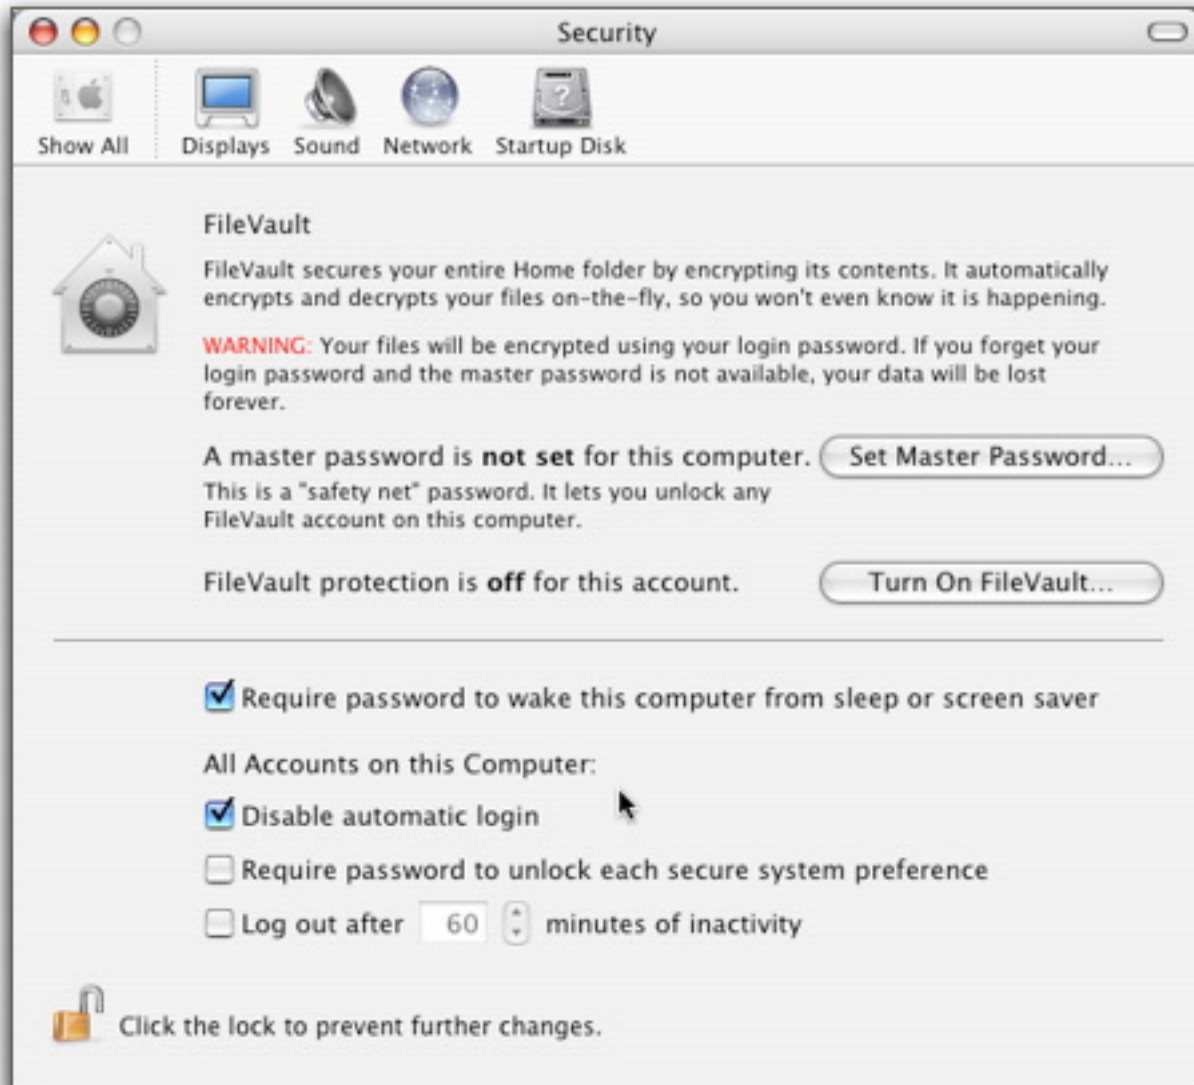

- Syncs with everything

Apple Remote Desktop

- Access your home network and files

- Backup option
Security Prefs Pane

- Keep prying eyes out
- Secure your data

Services...

.Mac Account

- Web-based email

- Publishing and sharing photos and videos

- Sharing & file transfer with iDisk

.Mac Account

- Online storage with iDisk

- Password based outgoing mail

Travel Tip

- Make your PowerBook your main email machine

- Set your email to be left on your server before you leave for duration of trip

Internet Access

- Local access numbers

- 800 #

Travel Tip

- Do you *really* need high speed for an overnight stay?

- Find out how much outgoing calls (including 800 numbers) cost, if there is a per-minute charge, and if there is a "block" of time.

- Check email in the shower with AOL

Internet Access

- Wireless access

- Beware of pay plan

Travel Tip

- Get a special, low-limit credit card to use only for online access instead of your debit card.

Phone access

Xonesuite.com™
The smart alternative in long distance.

- A virtual calling card

- Affordable rates–2.5 - 2.9¢ per minute

- Online call log

Fax service

- Free up to 20 pages every 30 days

- $12.95 (USD) per month

- $139.95 (USD) per year for Plus service

More Travel Tips...

Backup Before You Go

Carbon Copy
Cloner by Mike
Bombich

- Clone your hard drive

- Burn essential files to CD or DVD

- Copy essential travel files to your iDisk

- Copy essential travel files to your Flash drive

Backup During Trip

- Burn essential files to CD or DVD

- Copy updated files to your iDisk

- Email files to yourself at an address you don't pick up.

Thank you for coming!
